**Subject:** Expensive cleanup is bad for humans in every way you lazy sell out corporate interest tax money leech.

A cleanup plan is a good idea but we have to make sure we can afford it.

The amount of wages generated by companies in the Portland harbor help so many families put food on the table. We all support a clean Willamette River but it's also crucial that the cleanup is flexible and not be so expensive that it threatens local jobs.

Please do whatever you can to support the river and our health but also to make sure our jobs don't go away.

Sincerely,

(b) (6)
